Foreword

"Sterling High School, bless her name", So ends our Alma Mater. As we observe the rapidly fading glow of our careers, we LOOK TOWARD THE FUTURE with gratitude and with hope. We look with gratitude because of the profound knowledge that we have gained here. The class of 1962 cherishes high hopes for our ever-growing institution—an institution that is a perpetual source of knowledge, inspiration, confidence, and pleasure.

The members of the *Torch* staff are grateful to the administration for its confidence in us to edit this annual, and it is our desire that in succeeding years this edition will be a pictorial exemplification of our sincere devotion to Sterling High School.

As we depart and go our various ways, these lines shall ever be a glowing beacon, quietly illuminating the paths that lead us to undying successes:

Dedication

Dear Parents,

We, the members of the class of 1962, dedicate this edition of the *Torch* as an expression of our love and appreciation for your love, sacrifice, perseverance, and devotion making it possible for us to better ourselves—our minds, character, and capacity to earn a decent livelihood in this new age.

As we observe the lack of opportunities for advancement of boys and girls in other parts of the world, we fully realize that if it were not for your great sacrifice and interest we could not have reached our goal of graduating from high school. So it is with deepest gratitude that we honor you through this publication, the 1962 yearbook, and we hereby pledge our determination throughout our lives to continue our quest for higher ideals and attainment as proof of our gratitude for the sacrifice made in our behalf.
